

**Travel insurance
designed specifically
for ladies with a
breast cancer condition**

For every policy issued, a donation will be given to a breast cancer charity of your choice

With you every step of the way

Bromley Insurance Services Ltd
understand the problems you may
have with a pre-existing condition
when arranging holiday travel insurance.

We have arranged with an Insurer competitive rates for women who have had or are being treated for breast cancer. In the past we have heard of insurance premiums being increased by as much as £2600 to cover this condition.

For every policy issued, a donation will be given to a breast cancer charity of your choice.

We also have competitive rates for other members in your party, whether that be for a single or annual policy - annual policies start from £42.00. We also deal with all classes of personal and commercial insurances and would be delighted to quote for your house, car, business or vehicle breakdown cover.

All clients must be declared fit for travel, with no reason to believe that any treatment may be required during your holiday, by a member of your medical team.

A signed declaration by the patient and approved breast care nurse or approved consultants must be received by Bromley Insurance otherwise no cover will be in force – see enclosed form.

The above premium includes insurance premium tax at the current rate and an administration fee of £20.00, which includes a donation to a breast cancer charity of your choice and covers any bank charges.
